Such plan shall specify procedures to assure that any expenditures for surveillance and testing shall be reasonable and prudent. The director of the Connecticut Agricultural Experiment Station or any person authorized by him to implement the provisions of this section may, at any reasonable time, enter any public or private premises in the performance of his duty.

Sec. 3. Section 17b-242a of the general statutes, as amended by section 13 of public act 12-1 of the June 12 special session, is repealed and the following is substituted in lieu thereof (*Effective from passage*):

The Commissioner of Social Services shall establish prior authorization procedures under the Medicaid program for home

House Bill No. 7001

health services, physical therapy, occupational therapy and speech therapy. The Commissioner of Social Services may contract with an entity for administration of any such aspect of prior authorization or may expand the scope of an existing contract with an entity that performs utilization review services on behalf of the department. The commissioner, pursuant to section 17b-10, may implement policies and procedures necessary to administer the provisions of this section while in the process of adopting such policies and procedures as regulations, provided the commissioner prints notice of intent to adopt regulations in the Connecticut Law Journal not later than twenty days after the date of implementation. Policies and procedures implemented pursuant to this section shall be valid until the time final regulations are adopted.

Sec. 4. Subsection (d) of section 17b-239 of the 2012 supplement to the general statutes, as amended by section 265 of public act 12-1 of the June 12 special session, is repealed and the following is substituted in lieu thereof (*Effective from passage*):

(d) The state shall also pay to such hospitals for each outpatient clinic and emergency room visit a reasonable rate to be established annually by the commissioner for each hospital, such rate to be determined by the reasonable cost of such services. The emergency room visit rates in effect June 30, 1991, shall remain in effect through June 30, 1993, except those which would have been decreased effective July 1, 1991, or July 1, 1992, shall be decreased. Nothing contained in this subsection shall authorize a payment by the state for such services to any hospital in excess of the charges made by such hospital for comparable services to the general public. For those outpatient hospital services paid on the basis of a ratio of cost to charges, the ratios in effect June 30, 1991, shall be reduced effective July 1, 1991, by the most recent annual increase in the consumer price index for medical care. For those outpatient hospital services paid on the basis of

House Bill No. 7001

a ratio of cost to charges, the ratios computed to be effective July 1, 1994, shall be reduced by the most recent annual increase in the consumer price index for medical care. The emergency room visit rates in effect June 30, 1994, shall remain in effect through December 31, 1994. The Commissioner of Social Services shall establish a fee schedule for outpatient hospital services to be effective on and after January 1, 1995, and may annually modify such fee schedule if such modification is needed to ensure that the conversion to an administrative services organization is cost neutral to hospitals in the aggregate and ensures patient access. Utilization [shall not] may be a factor in determining cost neutrality for the fiscal year ending June 30, 2013. Except with respect to the rate periods beginning July 1, 1999, and July 1, 2000, such fee schedule shall be adjusted annually beginning July 1, 1996, to reflect necessary increases in the cost of services. Notwithstanding the provisions of this subsection, the fee schedule for the rate period beginning July 1, 2000, shall be increased by ten and one-half per cent, effective June 1, 2001. Notwithstanding the provisions of this subsection, outpatient rates in effect as of June 30, 2003, shall remain in effect through June 30, 2005. Effective July 1, 2006, subject to available appropriations, the commissioner shall increase outpatient service fees for services that may include clinic, emergency room, magnetic resonance imaging, and computerized axial tomography.

(b) The commissioner may establish a blended in-patient hospital case rate that includes services provided to all Medicaid recipients and may exclude certain diagnoses as determined by the commissioner if the establishment of such rates is needed to ensure that the conversion to an administrative services organization is cost neutral to hospitals in

House Bill No. 7001

the aggregate and ensures patient access. Utilization [shall not] may be a factor in determining cost neutrality for the fiscal year ending June 30, 2013.

Sec. 6. Subsection (a) of section 17b-242 of the 2012 supplement to the general statutes is repealed and the following is substituted in lieu thereof (*Effective from passage*):

(a) The Department of Social Services shall determine the rates to be paid to home health care agencies and homemaker-home health aide agencies by the state or any town in the state for persons aided or cared for by the state or any such town. For the period from February 1, 1991, to January 31, 1992, inclusive, payment for each service to the state shall be based upon the rate for such service as determined by the Office of Health Care Access, except that for those providers whose Medicaid rates for the year ending January 31, 1991, exceed the median rate, no increase shall be allowed. For those providers whose rates for the year ending January 31, 1991, are below the median rate, increases shall not exceed the lower of the prior rate increased by the most recent annual increase in the consumer price index for urban consumers or the median rate. In no case shall any such rate exceed the eightieth percentile of rates in effect January 31, 1991, nor shall any rate exceed the charge to the general public for similar services. Rates effective February 1, 1992, shall be based upon rates as determined by the Office of Health Care Access, except that increases shall not exceed the prior year's rate increased by the most recent annual increase in the consumer price index for urban consumers and rates effective February 1, 1992, shall remain in effect through June 30, 1993. Rates effective July 1, 1993, shall be based upon rates as determined by the Office of Health Care Access except if the Medicaid rates for any service for the period ending June 30, 1993, exceed the median rate for such service, the increase effective July 1, 1993, shall not exceed one per cent. If the Medicaid rate for any service for the period ending June

House Bill No. 7001

30, 1993, is below the median rate, the increase effective July 1, 1993, shall not exceed the lower of the prior rate increased by one and one-half times the most recent annual increase in the consumer price index for urban consumers or the median rate plus one per cent. The Commissioner of Social Services shall establish a fee schedule for home health services to be effective on and after July 1, 1994. The commissioner may annually modify such fee schedule if such modification is needed to ensure that the conversion to an administrative services organization is cost neutral to home health care agencies and homemaker-home health aide agencies in the aggregate and ensures patient access. Utilization [shall not] may be a factor in determining cost neutrality for the fiscal year ending June 30, 2013. The commissioner shall increase the fee schedule for home health services provided under the Connecticut home-care program for the elderly established under section 17b-342, effective July 1, 2000, by two per cent over the fee schedule for home health services for the previous year. The commissioner may increase any fee payable to a home health care agency or homemaker-home health aide agency upon the application of such an agency evidencing extraordinary costs related to (1) serving persons with AIDS; (2) high-risk maternal and child health care; (3) escort services; or (4) extended hour services. In no case shall any rate or fee exceed the charge to the general public for similar services. A home health care agency or homemaker-home health aide agency which, due to any material change in circumstances, is aggrieved by a rate determined pursuant to this subsection may, within ten days of receipt of written notice of such rate from the Commissioner of Social Services, request in writing a hearing on all items of aggrievement. The commissioner shall, upon the receipt of all documentation necessary to evaluate the request, determine whether there has been such a change in circumstances and shall conduct a hearing if appropriate. The Commissioner of Social Services shall adopt regulations, in accordance with chapter 54, to implement the provisions of this subsection. The commissioner may implement

House Bill No. 7001

policies and procedures to carry out the provisions of this subsection while in the process of adopting regulations, provided notice of intent to adopt the regulations is published in the Connecticut Law Journal within twenty days of implementing the policies and procedures. Such policies and procedures shall be valid for not longer than nine months.

In order to implement the provisions of this section, the commissioner may establish rates of payment to providers of medical services under this section if the establishment of such rates is required to ensure that any contract entered into with an administrative services organization pursuant to this section is cost neutral to such providers in the aggregate and ensures patient access. Utilization [shall not] may be a factor in determining cost neutrality for the fiscal year ending June 30, 2013.

If a municipality fails to request payment within seven years of such authorization for a project, the secretary shall make no payment for such project unless the municipality requests and receives a waiver for such project on such terms and conditions as the secretary deems appropriate. On or before five years after the date of any such authorization and on or before six years after the date of any such authorization, the secretary shall notify, in writing, any municipality for which any such authorization has been made which notice shall indicate the time which has elapsed since such authorization and the date after which the secretary may not make payments for an authorized project.

Upon issuing a finding under this section, the secretary may require the municipality to promptly pay to the state an amount equal to the amount of the grant or he may cause the amount of any future grant made under this section to be reduced by such amount.

(f) If the court further finds that its probation services or other services available to the court are not adequate for such child, the court shall commit such child to the Department of Children and Families in accordance with the provisions of section 46b-141. [Prior to making such commitment, the court shall consult with the department to determine the placement which will be in the best interest of such

House Bill No. 7001

child.]

(g) Any child or youth coming within the jurisdiction of the court, who is found to be mentally ill, may be committed by said court to the Commissioner of Children and Families and, if the court convicts a child as delinquent and finds such child to be mentally deficient, the court may commit such child to an institution for mentally deficient children or youth or delinquents. No such commitment may be ordered or continued for any child who has attained the age of twenty. Whenever it is found that a child convicted as delinquent or adjudged to be a member of a family with service needs would benefit from a work-study program or employment with or without continued school attendance, the court may, as a condition of probation or supervision, authorize such child to be employed for part or full-time at some useful occupation that would be favorable to such child's welfare, and the probation officer shall supervise such employment. For the purposes of this section, the limitations of subsection (a) of section 31-23 on the employment of minors under the age of sixteen years shall not apply for the duration of such probation or supervision.

(h) Whenever the court commits a child to the Department of Children and Families, there shall be delivered with the mittimus a copy of the results of the investigations made as required by section 46b-134. The court may, at any time, require from the department in whose care a child has been placed such report as to such child and such child's treatment.

(i) If the delinquent act for which the child is committed to the Department of Children and Families is a serious juvenile offense, the court may set a minimum period of twelve months during which the child shall be placed in a residential facility operated by or under contract with said department, as determined by the Commissioner of Children and Families. No such commitment may be ordered or continued for any child who has attained the age of twenty. The setting

House Bill No. 7001

of such minimum period shall be in the form of an order of the court included in the mittimus. For good cause shown in the form of an affidavit annexed thereto, the Department of Children and Families, the parent or guardian of the child or the child may petition the court for modification of any such order.

(j) Except as otherwise provided in this section, the court may order that a child be (1) committed to the Department of Children and Families and, after consultation with said department, the court may order that the child be placed directly in a residential facility within this state and under contract with said department, or (2) committed to the Commissioner of Children and Families for placement by the commissioner, in said commissioner's discretion, (A) with respect to the juvenile offenders determined by the Department of Children and Families to be the highest risk, in the Connecticut Juvenile Training School, if the juvenile offender is a male, or in another state facility, presumptively for a minimum period of twelve months, or (B) in a private residential or day treatment facility within or outside this state, or (C) on parole. No such commitment may be ordered or continued for any child who has attained the age of twenty. The commissioner shall use a risk and needs assessment classification system to ensure that male children who are in the highest risk level will be placed in the Connecticut Juvenile Training School.
